DESIGN INNSAEIT / MUMBAI

Vineeth Nair

MULTIDISCIPLINARY PRACTICE

Design. Systems. Intelligence.

I run Design Innsaeit in Mumbai, working across brand strategy, design, consulting and software products. My practice turns complex ideas into identities and tools people can use.

CAPABILITIES

Brand strategy and design

Workflow consulting

Software product development

Research and knowledge systems

EDUCATION

Kerala State Institute of Design

2019 - 2021

LEARNING

Strategic Thinking / LinkedIn certification

February 2023

SELECTED WORK

01 Brand Intelligence OS

A local-first research system that turns scattered brand signals into a traceable working library. Clearer evidence helps strategists compare brands, revisit sources and develop better-grounded questions.

READ PROJECT STUDY

02 GST Invoice Studio

An India-focused workspace for invoices, purchase orders and reusable business records. Consultants and studios can prepare consistent paperwork with less repeated entry and clearer document structure.

03 Personal Brain OS

A self-hosted cockpit connecting everyday capture with a Markdown knowledge base. A consistent capture-to-knowledge workflow reduces fragmentation and makes personal context easier to revisit.
